Preface

Agriculture sector is one of the largest sources of livelihood in India. It also contributes significantly to the gross domestic product of the country. Indian agriculture has undergone a revolutionary change over the years. In this book, an attempt has been made to provide undergraduate and post graduate students an insight into the major issues of Indian agriculture. The book includes Agricultural marketing, agriculture finance, organic farming and food security in India etc. Readers are requested to report the errors of the book and to provide suggestions for further improvement.
